

It is time once again to collect our recharter fees. These fees will cover the boys until next February. The fees will pay for their National dues. The fees will be \$25 this year. This will cover National registration, Boy's Life and part of the pinewood derby car's cost. The pack's cost per boy runs around \$50 (including all the advancement plus some of our activities). We are asking the parents to pay half of the cost. The scout may use his account to pay for all or part of the fee. Financial Aid is available if needed. We do not want any boy to drop Scouting because of their family's finances.

Any boy who chooses not to return (we hope none choose that) will still be able to participate in all Pack/den activities until March 31st. This is the day their membership expires.

I hope to see all of you return. Please see me for any reason that this may not be possible.

My child _____ will be returning this next charter year effective April 1st. The amount is \$25 for the year. I will be paying by check (made payable to MVCBSA) check # _____, cash or scout account (please circle one). Form and money are due no later than March 4th.
